ABOUT ME

Young, self-motivated React/Frontend Developer truly enthusiastic about providing products with great user experience. I pay attention to details because, I like when something I do is working perfectly and looking amazing. When I writing code for application, I pay a lot of attention to code clarity, user experience, and performance. I find learning new thing fascination and because of that - can learn fast.
I like challenges, I like meeting new people and helping people.

CURSES

-Udemy: Academind by Maximilian Schwarzmüller.
-YouTube: Jack Herrington, Artur Chmaro, Przeprogramowani.
-Private mentoring of the Senior Developer in the first beginnings consisted in implementing technology and helping to better implement the application, and in the later stage mainly on code review.
